

MEETING NOTES

Date:	August 26, 2025	Time:	10:00 am
Subject:	Livingston CIP Weekly Construction Meeting #10	TDH Job No.:	B22-056

1. TD&H project update:

Askin dropped back to work on water in the south 2 alleys after finishing replacing sewer up to Lewis Street.

Request to update residents and businesses on URA program involvement on this project. Adam and Matt will get information together to distribute.

School starts 8/21. Geysers will open later this week. Restoration crew will be coming in the week of 9/8 to start at Geysers and work up the alley to the north towards Clark to prepare for asphalt.

Water shutdowns need to be requested 3-4 working days prior to the work so the City can determine who will be out of service and perform the appropriate notices.

A list of local plumbers and excavators is attached to these minutes.

2. Askin project update:

Contractor preliminary schedule: Work in the alley. Coordinate with utility companies to move gas and fiber near vault.

Look ahead: Temporary water being installed this week for the block between Lewis and Callender and it has been tested. The next step is to connect the services to the residents and businesses and move them over to the temporary water system.

Contractor will maintain pedestrian access to downtown at all times.

Next public meeting is Tuesday September 2nd, 2025 @ 10 am at the Office on Lewis and Main.

Schedule (if applicable) and meeting minutes are updated weekly at that location. Project website is Improvelivingston.com
